## 1. PLAN AHEAD

For the best choice of accommodation, golf and flights **start planning your trip as early as possible**. If you're travelling with a larger group, the sooner you start planning the better! Consider the **weather, location** and additional requirements of your trip - perhaps you want to do a touch of sightseeing whilst your away?

## 2. AGREE THE BASICS

The number of travellers, available budget, optimum dates and must-do's.

Flexibility with dates gives you wider options on accommodation and flights.

Appoint an organiser or perhaps share out roles to **avoid wasting time** or looking at options that are unrealistic.

## 3. ORGANISE THE GOLF

The amount of golf you play will affect the price of the holiday and the amount of time you have for other activities - **plan how often, what courses and how many holes you want to play**.

*Q. Are you looking for on-site accommodation or something elsewhere with a little culture?*

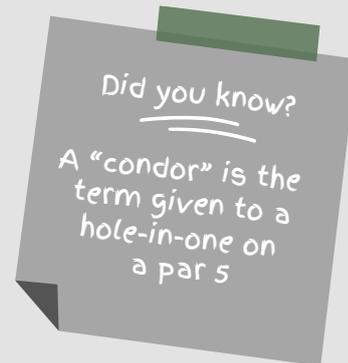

*Q. Are there any other must-do's or must-see's aside from golf?*

Some hotels like '**Les Deux Tours**' offer **pre-packaged golf itineraries** that include all advice, transfers, boutique accommodation and local culture experiences - **an alternative to tour operators' packages if you're looking to experience the country during your visit**.

## 4. INCLUDE OTHER ACTIVITIES

When travelling to new countries, like Morocco for example, we recommend you **include time to explore the country you're in**, it's cultures and experiences on offer whilst not forgetting time to relax.

In addition to being in close proximity to tourist destinations, it's worth making sure that adequate facilities are available for any non-golfers (to avoid complaints from group members once you're there!); local sightseeing, excursions, guided tours, spa and treatment facilities.

**Decide the flavour of your evening socials** – do you want city experiences perhaps with some nightlife or quieter, calm dinner in a boutique setting and a good night's sleep to prepare you for a full day's golf.

## 5. CONSIDER YOUR TRAVEL LOGISTICS

Before you land in your holiday destination, consider the following;

1. **Car hire and boot space** (with all your extra luggage if you're traveling with golf clubs).
2. **Cost of concierge / taxi** – in some countries the cost of Taxi's are significantly cheaper than in the UK, like in Morocco for example.
3. Does your hotel or resort offer **airport and golf club transfers** (ours does!).
4. Especially if you're traveling long haul, investigate the cost of **hiring clubs in your destination rather than flying them over**. This is less risky (damage to clubs), often cheaper and of course, less stressful.
